EDUCATION

Master of Science
Computer Science
University of Texas
2012 - 2016
Austin, TX

Bachelor of Science
Computer Science
University of Texas
2009 - 2013
Austin, TX

SKILLS

GCP
Kubernetes
Terraform
VMware
Puppet
AWS Lambda
Amazon VPC
AWS
Google Cloud Operations Suite
Amazon RDS

WORK EXPERIENCE

Cloud Solutions Architect

Rackspace Technology

2021 - current / San Antonio, TX

- Managed VMware-based virtualized environments, optimizing resource utilization and ***reducing hardware costs by \$9,743.***
- Created and maintained Terraform scripts for infrastructure provisioning, resulting in consistent and reproducible environments.
- Leveraged Google Kubernetes Engine (GKE) to orchestrate containerized workloads, achieving scalability and cost-efficiency.
- Automated routine tasks using Ansible, saving the team 14 hours per week.

Senior Cloud Engineer

Oracle

2019 - 2021 / Austin, TX

- Spearheaded the adoption of Infrastructure as Code (IaC), reducing manual tasks by 71% and enhancing consistency.
- ***Scaled infrastructure to support a 27.4K increase in user traffic*** during a product launch without service interruptions.
- Implemented auto-scaling and load balancing, resulting in a 33% reduction in monthly AWS expenses.
- Reduced deployment time by 51% through the automation of infrastructure provisioning using Terraform and Ansible.

Cloud Support Engineer

IBM

2017 - 2019 / Austin, TX

- Conducted regular security audits and vulnerability assessments, resulting in a 42% reduction in security incidents.
- Developed custom CloudWatch metrics and alarms to proactively identify performance bottlenecks, reducing downtime by 13%.
- Enhanced system security by implementing IAM best practices, reducing unauthorized access incidents by 31%.
- Utilized AWS Lambda to automate routine operational tasks, ***saving 11 hours per week*** and reducing human error by 17%.
