Summary

More than 8 years of experience designing and developing applications incorporating the use of new programming techniques. Solid knowledge of DHTML, Jscript, HTML and CSS. Experience developing Web and Windows applications with access to DB using Visual Studio 2008. Strong skills writing SQL code.

Key Skills

Proficient with a vast array of programming languages, concepts and technologies, including:

.NET Framework (C#)
Perl, PHP, JavaScript
Visual Studio 2000

Microsoft Visual Basic
SQL Server, MySQL
Visual Studio 2005

Windows
C++, Delphi
Visual Studio 2008

ASP
Network fundamentals

Work Experience

Ryder System Inc., Miami

IT Specialist II (C#, ASP.NET, VS 2008, Actuate, Clarity)

08/2008 - Present

- ✓ Designed and developed ASP.NET applications using Visual Studio 2008 and Framework 3.5
- ✓ Developed reports using Actuate 7
- ✓ Developed application using Clarity Studio
- ✓ Wrote complex SQL queries, stored procedures and others database scripts.

VISA Inc., Miami

.NET Developer(C#, ASP.NET, ASP, VS 2005)

05/2008 – 08/2008

- ✓ Fixed and added new features to a HR System; a Microsoft Access and Classic ASP application.
- ✓ Designed new SQL Data Bases (Tables, Store Procedures and Relationship) in SQL 2000 for a new HR System.
- ✓ Designed and developed using Visual Studio 2005 an ASP.NET application for HR Department (C#, ASP.NET). This is a multi tier application composted by a Data Access Layer (DAL), a Business Logic Layer (BLL) and a Presentation Layer (ASP.NET application)

eData Financial Systems, Pompano Beach

Computer Programmer (C#, VB.NET, ASP, PHP, T-SQL, VS 2000, VS 2005)

08/2007 – 05/2008

- ✓ Developed using Visual Studio 2005 a new version of the Merchant Integration System. An ASP.NET 2.0 application developed in C# using stored procedures in SQL 2000.
- ✓ Designed and developed of Credit Card Processor Modules; Windows Service applications wrote in C# using sockets and ADO.NET components. Advanced T-SQL modules programming. Communication between components through messages in XML format.
- ✓ Designed and developed of Check Processor Modules; Windows Service applications wrote in C# using sockets and ADO.NET components. Advanced T-SQL modules programming.
- ✓ Designed and developed Currency Service. A windows service application wrote in C# using ADO.NET components. Communication using HTTP. Developed using Visual Studio 2005.
- ✓ Fixed several problems in existing codes in the PHP Shopping Cart and ASP shopping cart.
- ✓ Designed and developed a simple CGI in C++ compiled for Linux OS.
- ✓ Designed and developed a simple CGI in VB 6.0

CIMEX Corp, Cuba

System Analyst (ASP.NET, C#, VB.NET, SQL Server, Progress, VS 2005)

11/2005 – 04/2007

- ✓ Designed and developed a Logistic System for automatic request of merchandise. This system has many modules. ASP.NET module (C#, SQL), XML Web Service module (C#, SQL, FTP components), Windows Service module (C#, SQL), Progress module (UNIX system).
- ✓ Developed financial reports in Progress DB
- ✓ Maintained existing websites; implemented new functionalities. (ASP.NET)
- ✓ Conducted the migration of an old MS-DOS application into a Progress DB/Unix version.

Universidad de Oriente, Cuba

Project Manager, Programmer Analyst(C#, PHP, ASP, Perl, T-SQL, MySQL, VS 2000)

09/2001 – 05/2005

- ✓ Developed the Internet Access Control System using PHP, MySQL.

- ✓ Designed and developed a computer network in three departments. (*Windows 2003 Server*)
- ✓ Developed the Automated News System. A multi component system. Web Services component, ASP.NET application, T-SQL modules

Universidad de Oriente, Cuba

Professor of Computer Science

09/2001 – 05/2005

- ✓ Taught classes of Programming Languages and Logic

Freelance Experience

- ✓ Developed Mortgage Navigator, Expedite Mortgages (<http://mortgagenavigator.org>) 10/2007-12/2007
(.NET Windows Application)
- ✓ Developed <http://www.resoluteinvestigations.com> (ASP) 09/2007-09/2007
- ✓ Developed Applications for Binarea S.L. (www.binarea.net) (ASP.NET) 09/2005-06/2006

Education

09/1996 – 07/2001 B.S. Computer Science, Universidad de Oriente, Cuba

Related Courses

- ✓ C# Advance Programming Techniques. Visual Studio 2005 – University of Havana – 10/2006
- ✓ LAN and WAN Networks – Universidad de Oriente – 06/2005
- ✓ Advanced SQL Programming – Universidad de Oriente – 04/2005
