ACHIEVEMENTS

🌟 Engineered a RESTful API that improved data retrieval speed by 30%.

🌟 Developed and deployed a microservices architecture, enhancing application scalability.

PROFESSIONAL SUMMARY

Results-oriented Senior .Net API Developer with 7 years of comprehensive experience in designing and implementing high-performance APIs and web applications. Expertise in .NET technologies, including C#, ASP.NET, and Entity Framework, to develop scalable solutions. Adept at improving system efficiency and performance while collaborating with cross-functional teams to deliver innovative software.

WORK EXPERIENCE

Senior .Net API Developer

📅 May / 2021-Ongoing

Pineapple Enterprises

📍 Santa Monica, CA

1. Engaged in the full software development life cycle, from requirements gathering to deployment, ensuring quality and performance.
2. Architected and implemented RESTful APIs using ASP.NET Core, enhancing application interoperability.
3. Designed and applied the MVC design pattern for web applications, improving maintainability and scalability.
4. Executed database modeling and developed stored procedures in SQL Server, optimizing data interactions.
5. Created dynamic user interfaces with ASP.NET and CSS, improving user engagement and satisfaction.
6. Utilized Object-Relational Mapping (ORM) with Entity Framework to streamline data access.
7. Led the development of a microservices application, significantly improving system modularity.

Senior .Net Developer

📅 May / 2018-May / 2021

Cactus Creek Solutions

📍 Phoenix, AZ

1. Conducted planning and design sessions for new software solutions, focusing on user needs and system requirements.
2. Performed integration testing and collaborated with QA teams to ensure application reliability.
3. Documented development processes and maintained comprehensive technical documentation.
4. Provided training to team members and stakeholders to facilitate knowledge transfer and enhance team capabilities.
5. Monitored application performance metrics to identify areas for improvement.
6. Acted as a technical lead, guiding junior developers in best practices and coding standards.

EDUCATION

Bachelor of Science in Computer Science

📅 May / 2015-May / 2018

University of Technology

📍 Denver, CO

Focused on software development principles, database management, and web technologies.
