Experience

Meta – Machine Learning Engineer, June 2025 - current time, UK, London

- Owned end-to-end development of Advanced Demographics ML system (relationship status, education) for ~4B FB/IG users, increasing ads liquidity and revenue

Careem – Senior Data Scientist, May 2022 - October 2024, UAE, Dubai

- Built a face-recognition [system](#) to detect duplicate driver accounts: -5% fraudulent activity.
- Built a real-time pre-auth fraud [model](#) for ride-hailing. + 60% precision, -10% customer complaints. 1-2 mln \$ annual saving. <200ms latency
- Launched an anomaly detection system for models and features. +10% data quality, faster detection of upstream data issues.
- Built a ranking model for two-tap trip recommendations. higher customer satisfaction.

MTS AI – Senior Data Scientist / Tech Lead, November 2019 - April 2022, Russia

- Led [medical chat-bot project](#): NER, Relation Extraction, Text Classification.
- Built labeling QA tool: labeling errors -20%, analysis time -50%.
- Introduced coding best practices, mentored colleagues, organized knowledge-sharing sessions, resulting in a 20% improvement in code efficiency and a 30% reduction in development time.
- Built [video super-resolution project](#): 4x higher video resolution, increased user engagement
- Lead CV R&D Team: model optimization for Kneron AI chip, distributed model training, generative CV

Earlier roles April 2017 – November 2019, Russia

- Delivered ML solutions: churn, fraud, cross-sell, look-alike
- Developed NLP-based recommendation system for articles on an online publishing platform.

Education

2006 – 2012 Bachelor's, Master's degree in International Economics in Lomonosov Moscow State University

Skills

ML, DL, CV, NLP/LLMs, Recommender Systems, Model Deployment, Python, PyTorch, Data Analysis, Team Leadership

Projects and achievements

- Kaggle competition master. 1st rank in Notebook ranking, discussions grandmaster.
- Recognized with awards from Russian ODS.ai community (Best Speaker and Mentor)
- Delivered [20+ talks](#) on CV, NLP, ML competitions, and open-source projects. Organized “EDA & Visualization” at Moscow DataFest 2019, “ML Trainings” at DataFest 2020
- Google Developer Expert (Kaggle category)

Publications

- [NL-Augmenter: A Framework for Task-Sensitive Natural Language Augmentation](#)
- [CayleyPy RL: Pathfinding and Reinforcement Learning on Cayley Graphs](#)
