PROFILE

I am a licensed, certified physician assistant with four years of clinical experience in psychiatry. For five years I have combined my passion for wellness with a desire to write clear, concise health literature for a general audience. My curious nature and knack for research fuel me to provide up-to-date content for patients and providers alike.

EXPERIENCES

2018 WellSpan Health
Psychiatric Advanced Practice Provider

- Independently completed six to fifteen inpatient- and outpatient-level initial psychiatric evaluations and medication management on adults and children with mental health diagnoses
- Prioritized patient education to explain disease processes and medication usage, side effects, and duration of treatment
- Utilized current literature to formulate diagnoses and treatment plans while practicing evidence-based medicine

2017 Freelance Writer/Editor

- Created original content related to behavioral health for medical professionals and laypersons
- Researched most recent protocols in psychiatry using primary sources
- Reported information succinctly in plain language for use in published articles and blog posts
- Completed poster presentations for medical audiences to be displayed at professional conferences
- Proofread and edited journal articles, doctoral dissertations, and visual presentations for private clients in medicine and sociology

EDUCATION

Lock Haven University of Pennsylvania
2016 - 2018 | Master of Health Science
(Physician Assistant Studies)

Saint Vincent College
2009 - 2013 | Bachelor of Arts
(Art History)

SKILLS

- Expert in AMA, APA, Chicago, and MLA formatting
- Well-versed in Microsoft Office Suite and Google Workspace
- Highly skilled in academic research with primary sources
- Deep understanding of evidence-based medicine
- Knowledge of SEO
