🌟 ACHIEVEMENTS

🌟 Successfully reduced network downtime by 20% through proactive monitoring and troubleshooting.

🌟 Implemented VLAN configurations that improved network efficiency by 30%.

👤 PROFESSIONAL SUMMARY

Detail-oriented Junior Network Engineer with a solid foundation in network protocols and troubleshooting. Proficient in configuring routers and switches, monitoring network performance, and assisting in the implementation of security measures. Eager to leverage hands-on experience and technical skills to support network operations and enhance system reliability in a dynamic IT environment.

💻 WORK EXPERIENCE

Junior Network Engineer III

📅 Jan / 2021–Ongoing

Quantum Solutions LLC

📍 Phoenix, AZ

1. Installed, configured, and troubleshooted Frame-Relay for stable network connectivity.
2. Provided technical support to end-users, resolving issues with hardware and software.
3. Assisted clients with computer-related inquiries via in-person and remote support.
4. Managed Windows Active Directory, creating and maintaining user accounts and group policies.
5. Configured and installed routers, switches, and bridges for LAN/WAN setups.
6. Monitored network performance and recommended improvements to enhance functionality.
7. Maintained documentation for network configurations and troubleshooting procedures.

Junior Network Engineer

📅 Jan / 2020–Jan / 2021

Crescent Moon Design

📍 Portland, OR

1. Performed IOS upgrades on various Cisco Catalyst switches and routers.
2. Maintained VLANs, Spanning-tree, HSRP, and VTP for a robust network backbone.
3. Configured and implemented routing protocols such as EIGRP, OSPF, and BGP.
4. Established trunk links and EtherChannel connections between switches.
5. Utilized network monitoring tools to oversee network performance and resolve issues.

🎓 EDUCATION

Bachelor of Science in Information Technology

📅 Jan / 2019 – Jan / 2020

Tech University

📍 Chicago, IL

Focused on network design, security, and systems administration.
