

ETHAN MARTINEZ

Network Engineer

PROFESSIONAL SUMMARY

Enthusiastic Network Engineer with 2 years of practical experience in designing and implementing network solutions. Proficient in configuring Cisco devices and managing LAN/WAN infrastructures, ensuring optimal performance and security. Committed to troubleshooting network issues efficiently and enhancing connectivity for diverse environments.

WORK EXPERIENCE

Network Engineer

Seaside Innovations

May / 2024-Ongoing

Santa Monica, CA

1. Managed remote infrastructure for multiple office locations, ensuring seamless connectivity.
2. Performed troubleshooting and escalation management for daily network issues.
3. Configured OSPF, EIGRP, and BGP on Cisco routers and firewalls, enhancing network efficiency.
4. Implemented security measures such as zone-based firewalling on Fortinet devices.
5. Configured and tested network devices, ensuring optimal performance across platforms.
6. Maintained communication between networks, servers, and clients efficiently.
7. Executed contingency plans for hardware and software failures, minimizing downtime.

Network Support Engineer

Summit Peak Industries

May / 2023-May / 2024

Denver, CO

1. Monitored network and server performance to identify and resolve potential issues.
2. Provided technical support for hardware and software issues at remote sites.
3. Configured routers for new site activations and provided online support during setup.
4. Troubleshoot and maintained network systems, desktops, and laptops effectively.
5. Coordinated hardware and software purchases and installations for users.
6. Documented and standardized hardware and software maintenance procedures.

EDUCATION

Bachelor of Science in Network Engineering

University of Technology

May / 2022 - May / 2023

Portland, OR

Focused on network design and implementation, covering LAN/WAN technologies.
