PROFESSIONAL SUMMARY

Strategic Senior Network Engineer with 10 years of extensive experience in designing, implementing, and managing advanced network architectures. Expertise in optimizing LAN/WAN performance, enhancing cybersecurity measures, and troubleshooting complex networking challenges. Skilled at leading cross-functional teams to deliver innovative, high-performance solutions that drive business success.

WORK EXPERIENCE

Senior Network Engineer Feb / 2018-Ongoing
Pineapple Enterprises Santa Monica, CA

- Directed the design and implementation of network architectures, ensuring optimal performance and security.
- Conducted comprehensive assessments of existing network systems, identifying areas for improvement and enhancement.
- Developed detailed implementation plans for network technologies, ensuring alignment with enterprise goals.
- Created extensive documentation for network configurations and operational procedures.
- Presented technology solutions to stakeholders, showcasing the benefits and efficiencies gained.
- Authored technical reports detailing assessments and designs, facilitating informed decision-making.
- Provided training and knowledge transfer sessions to IT staff, fostering skill development and collaboration.
- Resolved complex network issues by diagnosing symptoms and executing effective remediation strategies.

Senior Network Engineer Feb / 2015-Feb / 2018
Summit Peak Industries Denver, CO

- Managed the installation and maintenance of LAN infrastructure, ensuring reliability and performance.
- Delivered Level III support for network incidents, troubleshooting and resolving issues efficiently.
- Conducted regular performance monitoring and implemented adjustments to optimize network efficiency.
- Performed network capacity analysis and developed documentation for network assets.
- Researched and integrated advanced network management tools to enhance operational capabilities.

EDUCATION

Bachelor of Science in Computer Networking Feb / 2012 - Feb / 2015
Tech University Portland, OR

Focused on advanced networking concepts, including routing, switching, and network security.

SKILLS

Network Documentation
Network Troubleshooting
Network Policies
Network Performance Optimization
Network Monitoring Tools
