

CHUN-MU WENG

✉ nevikw39@cs.nthu.edu.tw  [nevikw39](#)  [nevikw39](#)

Academic Performance

NATIONAL TSING HUA UNIVERSITY
Bachelor of Science in Computer Science

2021 ~ 2025
4.1/4.3 GPA

Experiences

Software Engineer Intern

Jun. 2024 ~ Sep. 2024

Google

- Supported AndroidX core SplashScreen library
- Tackled several backward compatibility issues as initial warm-up tasks to get familiar with the library and its integration with the platform
- Identified and resolved the root causes of a flaky instrumentation test with a creative approach

System Administrator

2023 ~ 2025

Dept. of Computer Science Computer Center

- Managed web, mail servers and workstations of Dept. of CS
- Mitigated security concerns with Fail2Ban and firewall to protect our services

Healthcare AI Software Engineering Intern

Jun. 2023 ~ Aug. 2023

ASUS AICS

- Embarked on front-end team and added a feature gone into production

Leaderships & Awards

SC Student Cluster Competition

2024

Supercomputing Conference

- Leader of team NTHU
- Achieved the 3rd place
- Managed our system comprising 2 GPU nodes each with 4 NVIDIA H100 and a CPU node, connected via InfiniBand
- Optimized HPL benchmark under power constraint

ISC Student Cluster Competition

2023, 2024

HPC-AI Advisory Council, ISC Group

- Secured the 2nd place both years in a row
- Set up part of our system including NIS and NFSoRDMA with Broadcom RoCE 2024
- Tuned the fluid-dynamic simulator Neko on a machine with 10 NVIDIA H100
- Accelerated Quantum ESPRESSO, a suite of atomistic simulation software, on 3 nodes each with 4 NVIDIA A100 by means of communication configuration 2023

APAC HPC-AI Competition

2022

HPC-AI Advisory Council, National Supercomputing Centre (SG), National Computational Infrastructure (AU)

- Leader of team NTHU-CM
- Won the 1st place champion and Best Big Data Analytics Performance Award
- Improved throughput among 16 NVIDIA V100 over 4 nodes by 2.7 times
- Increased accuracy of DL-based DNA decoding and reduced training time using NVIDIA A100

Programming Contests

Highest records

- National Collegiate Programming Contest (Taiwan) — 3-time Finalist; 4th Place Award ranked 14th, 2023
- International Collegiate Programming Contest — 3-time Regionalist; Silver Award, Asia Taipei 2021

Skills

Languages C/C++, Python (main ones), JavaScript, Kotlin, Verilog (less-familiar)

Tools & Libraries Git, Unix-like OSs & shells, Docker, MPI, OpenMP, CUDA, AWS, Google Cloud
